CONTINUING AIRWORTHINESS INFORMATION

This AIC serves to advise air operators and other industry stakeholders that the Civil Aviation Authority of Botswana (CAAB) has published the following requirements to be applied at Botswana Civil Aviation (Air Operator Certification and Administration) Regulation 26:

An Air Operator Certificate holder who operates an aeroplane over 5700 kg maximum certificated take-off mass or a helicopter over 3175 kg certificated take-off mass shall obtain and assess continuing airworthiness information and recommendations available from the organization responsible for the type design and shall implement resulting actions considered necessary in accordance with a procedure acceptable to the Authority.

In order to be in full compliance with the regulation, the aircraft operators are advised to read these requirements in conjunction with Botswana Civil Aviation (AOC) Regulation 26.

This circular becomes effective immediately.
