### **EXTENDED RANGE WITH TWIN ENGINE AEROPLANES**

This AIC serves to advise aircraft operators and other industry stakeholders that the Civil Aviation Authority of Botswana (CAAB) has published the following requirements to be applied at Botswana Civil Aviation (Aircraft Operations) Regulation 70 (3):

An air operator certificate holder shall, in requesting extended range operations by twin engine aeroplanes approval, show to the satisfaction of the Authority.

1. Airworthiness certification of the type permits operations beyond threshold time.
2. Maturity in the reliability of the propulsion system.
3. Operator must demonstrate the ability to maintain the level of the reliability required for ETOPS approval.
4. Necessary special maintenance requirements included as part of the maintenance programme.
5. Maintenance Control Manual or ETOPS Manual.

In order to be in full compliance of the regulation the aircraft operators are advised to read these requirements in conjunction with Regulation 70 (3) Botswana Civil Aviation (Aircraft Operations) Regulations.

**This circular becomes effective immediately.**
